CALL ME NOW

You can call me
You can call me now
You can call me
You can call me now

Hey now she's lookin' my way
She look a little crazy got a red lip day
She stole my money she stole my soul
She's not gonna turn me into ol' King Cole

Hey now she's a jay-bell
She's a no-go and a one way sell
And my head knows it's a bare back ride
Oh no she drive this man wild

You can call me
You can call me now
You can call me
You can call me now

Hey now she's talkin' to you
She got a good day comin' and a bad one too
Follow me down to a place I know
There's a house on the corner where the wild ones go

Hey now she's a beat girl
She's a no-go with a flat top curl
And my head knows it's a me-me do
Oh no she's talkin' to you

You can call me
You can call me now
You can call me
You can call me now

TRIGGER

Sanctuary in the pages
Midnight chimes I'm lost in ages
I'm so tired I just can't think straight no

All the changes seen in disgrace
Touch the ground I cover my face
I'm so tired and it's too late to go

All this time you stole from me now
All this time you thought was free
Is it wrong that it could never be

Trigger
I see my finger on a Trigger
Well I'm reaching for a Trigger
I said my life is on a Trigger

Shielded by the face of Eden
Take me now to where I'm needin'
I've been searching so long for someone

Gallows break so much confusion
Patterns fall it's all illusion
I've been searching so long now it's done

Could you pray for all the sadness
Voices shout out in the madness
Is it wrong you couldn't care less no

Trigger
I see my finger on a Trigger
Well I'm reaching for a Trigger
I said my life is on a Trigger

Can you buy back what you sold now
Is it true what I've been told
Is it wrong that we could never hold

Trigger
I see my finger on a Trigger
Well I'm reaching for a Trigger
I said my life is on a Trigger

SINNER'S SON

Walking a tight rope and I
See how the people pray
Walking a tight rope in my mind

Follow a bright light and I
Hear what the judge he say
Follow a bright light see it shine

They drag me down
They drag me down
They drag me down
Like a sinner's son

Tell me please
Throw down the rest of your life
Tell me please

Give us this night oh-oh-oh
Tell me please
Bring me the rest of your life
Tell me please
Mother one I'm sinner's son

Dark as the night they follow
Saviour rides alone
Dark as the night he rides alone

Lay on a cross of wonder
Fear the hands of time
Sow while the reapers learn to dine

They drag me down
They drag me down
They drag me down
Like a sinner's son

Tell me please
Throw down the rest of your life
Tell me please

Give us this night oh-oh-oh
Tell me please
Bring me the rest of your life
Tell me please
Mother one I'm sinner's son

LIVING IN LOVE WITH A LIE

The sound of your words in silence
The emptiness growling
The touch of your burned out violence
The hearts you are sowing

The night is a blurring vision
Wherever you go
A headful of sweet decisions
That only you know

It's only a bad night since you've gone oh-oh-oh
A driving me mad night from now on

Living in love with a lie
Living in love with a lie
Seeing the truth in your eyes
Living in love with a lie

The slower you run to me ahh
The faster the ride
The harder the fall you fear
The longer the slide

No matter if false illusions
Appear and are gone
How wrong are the right delusions
So broken and torn

It's only a bad night since you've gone oh-oh-oh
A driving me mad night from now on

Living in love with a lie
Living in love with a lie
Seeing the truth in your eyes
Living in love with a lie

WHITE WEDDING

Hey little sister what have you done
Hey little sister who's the only one
Hey little sister who's your superman
Hey little sister who's the one you want
Hey little sister shot gun!

Start again
It's a nice day for a white wedding
It's a nice day to start again.

Hey little sister what have you done
Hey little sister who's the only one
I've been away for so long (so long)
I've been away for so long (so long)
I let you go for so long

Start again
It's a nice day for a white wedding
It's a nice day to start again.

There is nothin' fair in this world
There is nothin' safe in this world
And there's nothin' sure in this world
And there's nothin' pure in this world

Start again

It's a nice day for a white wedding
It's a nice day to start again.
White wedding
White wedding

and the mad...

ON AND ON

On and on the world is turning
Watch the children as they play
On and on the wise are learning
Listen now to what they say

Well I spend my money and the world go round
Said I got ten up and a thumb go down
Now I talk about you and I talk about me
I talk about the devil and the monkey tree

Well I got this jive and it soothes my head
And I don't give a damn 'cos the man he said
Now I talk about you and I talk about me
Yeh I talk about the fishes in the deep blue sea

On and on the world is turning
On and on our hearts are burning
On and on the world is crying
On and on we're trying
On and on
On and on
On and on
On and on

On and on the world is turning
Oh there goes another day
On and on the sun keeps burning
Turn me on some other way

Well I drink from the cup when the man come round
It's a long cold turkey and we all fall down
Well I sing about you and I sing about me
Yeh I sing about queenie and the dogs run free

Won't be no dealer won't be no straight
Won't be no square won't deal in hate
Now I think about you and I think about me
I think about joker and the babies three

HELLO IT'S ME

Think it over won't you be my dream tonight
You can be in mine well it's alright
Come on in the moon it shines so bright
Think it over won't you be my dream tonight

I'll put a spell on you to make you mine
Maybe I'm dreaming now but
Wouldn't that be fine

Hello it's me - And I wonder why
Hello it's me again - And I wonder why
Hello it's me - And I wonder why
Hello it's me again - And I wonder
And I wonder why-y-y-y

Come on over let me be your dream I say
Can I be in yours is that okay
Let me in before the light of day
Come on over let me be your dream this way

You put a spell on me I think you should
Maybe I'm dreaming now but
Wouldn't that be good

Hello it's me - And I wonder why
Hello it's me again - And I wonder why
Hello it's me - And I wonder why
Hello it's me again - And I wonder
And I wonder why-y-y-y

I'll put a spell on you to make you mine
Maybe I'm dreaming now but
Wouldn't that be fine

Hello it's me - And I wonder why
Hello it's me again - And I wonder why
Hello it's me - And I wonder why
Hello it's me again - And I wonder why
And I wonder why-y-y-y

ALONE

I don't wanna be your lover
I don't wanna be your friend
I don't wanna be the one that
Gets you in the end
Gets you in the end

I don't wanna be the reason
Don't wanna just pretend
I don't wanna be the one that
Gets you in the end
That gets you in the end

Alone
Alone
Alone

I just wanna be alone

Don't wanna be your loser
Fall from the clouds above
Don't wanna be the winner
Don't wanna be your love
I don't wanna be your love

Alone
Alone
Alone

I just wanna be alone

I don't wanna be your heart
I don't wanna be your stone
I don't wanna be your hero
I just wanna be alone
I just wanna be alone

Alone
Alone
Alone

I just wanna be alone

HIGHWAY 309

See the Jack of Hearts play
On his wedding day
He come groovin' my way

Gonna
Teach the teacher
Preach the preacher
Now
Down on highway three-o-nine

Down on highway three-o-nine
Eat this cake we're making
Close your eyes we're waking now
Oh!

Watch the children playing
Hear them laugh and sing
Look at me they're saying

Gonna
Sink a sailor
Jail a jailor
Now
Down on highway three-o-nine

Down on highway three-o-nine
Mend this heart that's aching
Close your eyes we're waking now
Oh!

Gonna
Heal the healer
Deal the dealer
Now
Down on highway three-o-nine

Down on highway three-o-nine
Mend this heart that's aching
Close your eyes we're waking now
Oh!

GIMME A BREAK!

Gimme a break I said
What do you do
Gimme a break
I got nothin' for you

What do you take me for
What do you see
Gimme a break
You got nothin' for me

[Ref:] Yeh yeh yeh - Yeh yeh yeh
Yeh yeh yeh - Oh no

I tried to do the things that you said, well you know
What's goin' on inside of your head, I don't know
Won't play those games you wanna play
Won't listen to the things you say
You're only wastin' my time anyway hey-ey

Gimme a break I said
Don't need a key
To open the chains you
Try to put around me

Turn up the heat I mean
Dead or alive
Gimme a break
I'm into overdrive

[Ref:] Yeh yeh yeh...

Why don't you walk away and go hide, would be fine
I'll bet the odds are not on your side, but on mine
Won't play those games you wanna play
Won't listen to the things you say
You're only wastin' my time anyway, hey-ey

[Ref:] Yeh yeh yeh...

Gimme a break I said
What do you do
Gimme a break
I got nothin' for you

What do you take me for
What do you see
Gimme a break
You got nothin' for me
Oh no
